

*"Always a Clean Sweep"*

meeting any and all environmental specifications required. At our modern, two-acre recycling facility, we recycle over 75% of our waste. We always use bio-degradable cleaning products that meet the EPA's Green Seal Standard. We maintain over 25 sweepers and a fleet of specialized equipment. With over 75 full-time employees you can be assured you have the network behind you. Here at **Millennium** we are proud to do our part!

**COMPLIANCE**

**Millennium** is a company dedicated not only to its customers, but also to its employees. Our human resources department works hard to ensure that all state and federal wage and ratio compliance laws are met for each individual project.

**QUALITY**

**Millennium's** quality is unrivaled. Our uniformed staff has undergone extensive training in construction and maintenance techniques and procedures - ensuring the highest standards from the industry leaders. **Millennium** will assist your business in presenting an image of success. Remember, your first impression is the most important and with **Millennium** as your service partner, you can be sure you'll always give the very best first impression.

## Portfolio of Services

At **Millennium Maintenance & Power Sweeping**, you'll find a commitment to superior services at competitive rates. The one source for all your maintenance and construction needs. When you partner with **Millennium Maintenance & Power Sweeping**, you get a company that genuinely cares about safety, the environment, compliance and quality of work.

### SAFETY

**Millennium** puts safety first. We are fully licensed and insured. We are good standing members of the Massachusetts Safety Council, North American Power Sweeping Association and The Snow and Ice Management Association. Our fully licensed and trained operators are OSHA certified to ensure the utmost levels of safety precautions are taken on all jobs.

**Millennium** has a full-time safety officer who routinely reviews our policies and monitors ongoing projects to ensure all safety requirements are being met. Monthly safety meetings, mandatory for all employees, are held in-house to announce and review any policy changes.

### ENVIRONMENT

**Millennium** understands the growing need for environmental awareness and energy conservation. Our Project Managers work closely with property Managers and Owners to develop personalized plans to maintain properties,
