

Davidson-Macri Sweeping, Inc.

12020 SE 32nd Street, Suite 4
Bellevue, Washington
98005

Phone: 425-289-1145

Davidson-Macri Sweeping offers all types of sweeping, plus catchbasin cleaning and a wide scope of exterior maintenance. We are one of the largest sweeping companies in the Seattle area. No matter what your sweeping or exterior maintenance need, we can probably handle it. Maintenance quotes gladly given. We use Tennant brush sweepers to provide dust-free sweeping of low clearance garages and large warehouses. Well-maintained broom sweepers keep your construction site and surrounding streets clean and debris free. Water tank trucks are available for flushing, washing and dust control. We are proud members of APWA, Master Builders Association and the World Sweeping Association. If you have a project we can help with in the Greater Seattle area, let us know how we might be able to assist!
