## Algonquin Sweeping

11 Grasshopper Lane  
Walpole 02081

Algonquin Sweeping is small family owned and operated business specializing in street sweeping and line painting services in the Greater Boston Area. Founded in 1985, the company has served the needs of commercial property owners, supermarkets, retailers, the construction industry and major concert venues for over 20 years. Our services are cost-effective, always of the most professional quality, and delivered on-time and on-budget. Today we still service many of the clients we began with, which speaks for itself. We offer a fully insured, quality workforce. Algonquin prides itself on having a company principal on-site for all of our jobs. Direct, on-site supervision and decisionmaking makes Algonquin unique in our industry. By having an owner onsite there is never a question that all aspects of a job are done right.. We do not sub-contract our services or use day laborers. This allows us to provide a more consistent finished product and monitor quality because our own employees are actually doing the work. We provide all types of power sweeping services. Our fleet includes municipal-type mechanical broom sweepers. Algonquin's broom sweeper fleet is ideal for: Construction Sites Street & Highway Sweeping Winter Sand clean-up Commercial / Industrial Office Parks / Condominiums Special events/ Concerts We also offer a variety of air sweepers. Scheduled sweeping services are the backbone of our business. We offer nightly litter and debris collection for malls, retailers, supermarkets, office parks and more. This service starts with a FREE, on-site litter survey of your property. We will then provide you with a customized service plan, which allows you to choose the service frequency and pricing that makes sense for your site. In addition to sweeping your property, Algonquin also offers an on-site day- or night-portering service for those locations with a high pedestrian count. This service fills the daytime gaps between a nightly sweeping service and the daytime needs of a high

traffic retail operation. We provide an on-site porter to hand-pick your parking lot, sidewalks, lobbies and landscaped areas. Your need for this will be included in the results of our litter control survey. We will also re-line trash containers if needed. Our air sweeper fleet routinely offers: Litter control & collection Scheduled route service Emptying & re-lining trash containers Sidewalk cleaning Property Inspections We follow leading-edge environmental policies We fully recognize our responsibility for environmental awareness by using only EPA certified landfills for disposal of our customer-generated waste materials. Algonquin also has in place a source reduction program to help reduce the amounts of litter and winter sand we collect. In addition, we recycle appropriate materials whenever possible. Our line striping operation uses only MassHighway-certified, water-based, traffic paints thus eliminating the need for hazardous, solvent-based paint and clean up materials. All our painting materials are low VOC and meet all EPA guidelines. Algonquin is involved with our local community. In the past few years, our contributions to local charities and causes have included: The Trustees of Reservations Massachusetts Audubon Society Appalachian Mountain Club Sierra Club Boy Scouts of America United Way of Massachusetts Bay Girl Scouts of America WGHB 2 Boston WBUR-FM NPR Boston Neponset River Watershed Association Charles River Watershed Association Bird Middle School Walpole, MA Walpole Youth Soccer Association Walpole Lacrosse Walpole Athletic Fields Complex Walpole Cheerleaders-Pop Warner Walpole High School Robotics Team Walpole Scholarship Foundation Mitchell College, New London, CT Curry College, Milton Ma American Heart Association Old Post Road School, Walpole MA Let us know how we might assist you.
