

World Sweeping Association

2778 Barrell Springs Road
Bow, Washington 98232
United States

If you are a power sweeping contractor you definitely should become part of the World Sweeping Association! WSA was founded in January of 2013 by Ranger Kidwell-Ross, the Editor of WorldSweeper.com and an individual with nearly 30 years of experience in helping sweeping contractors make more money, become more professional and grow their businesses. Having trouble keeping up with the latest techniques, equipment and regulations? You will find that education is one of the key elements of WSA. Members receive a "WSA Update" twice each month. The Update is a one-page email packed with the latest news and information that is affecting the power sweeping industry. The information includes a monthly safety meeting bulletin, new info on third party vendors, available trainings, tips from member contractors and others, and articles and tips dedicated to helping WSA Members become better business people. The WSA website offers over 100 audio podcasts, along with written articles, of interviews with successful sweeping contractors. In these, contractors divulge all manner of ideas and techniques they have utilized to become a success over time. In addition, the WSA website contains over 200 other articles that provide information designed to help WSA Members grow their individual businesses. All of this information is password-protected for Member Access Only. Get found with your listing at WorldSweeper.com's Contractor Locator! Only WSA Members have listings at WorldSweeper.com's highly utilized Contractor Locator. Most companies receive over 25 prospect visits per month and this resource is provided at no additional charge over and above WSA's \$325/year

annual membership. Learn about third party vendors So called 'third party vendors' have created a disruption in the contract sweeping industry. Your WSA benefits will help you navigate the various vendors; we even have compiled a listing of all the third party vendors in the US, complete with Member input about dealing with each. This helps contractors keep track of which of these companies are abiding by good business practices and which are not. WSA also offers a wide array of discounts on many products and services, including all of the companies shown in the graphic below: WSA Members receive all of this and much more — so what are you waiting for?! Take the next step by going to www.worldsweepingpros.org/join/ Also feel free to call us, toll free, at 866.635.2205. All newly enrolling companies are offered an unconditional 90-day Satisfaction Guarantee. At the WSA website you can read what other sweeping contractors in the US have to say about WSA, as well as see a complete listing of WSA Benefits. We invite you to join with us today!
