Lenexa, Kansas 66219
United States

Integrity in products. Integrity in people. United Rotary Brush provides our customers with the greatest value in Rotary and Engineered Brushes. Customer satisfaction is our top priority! At United Rotary Brush you will receive courteous, prompt and knowledgeable service. We provide you with the answers and solutions you need by utilizing our sales team's 100+ years of combined industry knowledge. Check below to see our broom types and/or visit our website at www.United-Rotary.com.

Street Sweeping Brooms
Our Blue Steel Gutter Brooms offer: Proven, powerful performance
Superior Quality at superior price
Easy on the environment
Compatible with the most popular street sweepers and vacuum sweepers
Available in gutter broom block segments or sets

UnitedPro™ Strip Brooms
UnitedPro™ Strip Brooms are fully recyclable brooms available exclusively from United Rotary Brush. Mandrel designed to sweep debris to the center of sweeping path for impressive results
100% poly plastic back strips
Easy to install and replace
Recyclable and environmentally friendly

Tube Brooms
Our tube brooms are the all-time sweeping classic for street sweeping brush applications. Compare our filament weight with the cheaper brooms, and you'll see why United Rotary Brush Tube Brooms are the right choice. Compatible with the most popular street sweepers on the road today
Better flick action for thorough debris collection
Made with United Rotary Brush's own virgin polypropylene filament
More sweeping ends per square inch of broom face
Tight and consistent broom wraps for impressive sweeping results

Road Building Brushes and Wafer Brooms
In addition to our tube and strip brooms, for road building-type applications United Rotary offers Poly, Wire and Combo Wafers. Poly wafers will have maximum flick action, while wire wafers will

have more abrasive power, and the combo wafer gives you the best of both! Long lasting durability means more hours between broom changeovers Great for sweeping asphalt, gravel, mill grind, clay, mud and other types of road debris Compatible with the most popular sweepers and attachments: Broce, LayMor, M-B, Rosco, Sweepster, Waldon Check out the United-Rotary website for more information, where you may also use our 'Broom Finder' to determine the exact broom type typically used in your application, on your sweeper! Or, give us a call, toll-free, at 1-800-851-5108.
