Stewart-Amos Sweeper Co. announces Mark Schwarze as Senior Director, Marketing and Market Development

Harrisburg, PA: Stewart-Amos Sweeper Co. has appointed **Mark Schwarze** as **Senior Director, Marketing and Market Development**. Mark will lead brand strategy, product marketing, market development programs, and strategic partnerships that expand demand for Stewart-Amos sweepers.

Experience: Mark brings decades of experience in the sweeping industry, with deep expertise in product development, manufacturing, product strategy, and market expansion. His leadership and practical approach to customer needs have consistently strengthened brands and accelerated growth.

“We are excited to welcome Mark to our organization,” said Frank Chulick, President. “His unparalleled industry knowledge and strategic insight will be instrumental in driving innovation and strengthening our market presence.”

“We are tightening our positioning and raising our standard for demand generation. Mark’s industry depth will help us move faster and with more precision,” said Brandon Loncar, Managing Director.

Mark will work closely with Sales, Engineering, Service, and Supply Chain to support customer outcomes and measurable growth.

About Stewart-Amos Equipment Co.

Stewart-Amos designs and manufactures a full line of effectively simple street sweepers for municipalities and contractors, focused on reliability, performance, and lifetime value.
